Many disasters are reported off the Nova Scotia coast during the recent gales.

The wreck of the U. S. Steamer Oneida has been sold to the Japanese for $1500.

The Department of Religion at Yeddo, Japan, has issued a document looking towards toleration of all believers of all creeds.

Several thousand dollars worth of wool and leather was saved from the Boston ruins Friday.

The Norwegian ship Seostris was wrecked in the North Sea during a gale on Wednesday last, and fourteen of the crew perished.

Charles King has been arrested in New York, charged with embezzling $60,000 while manager for Corcoran & Co. at Rio.

The Chamber of Commerce Relief Committee will at once issue an address to citizens of New York, asking for contributions for Boston.

The Boston Coliseum is to be sold at auction on Saturday of next week, by order of the Executive Committee of the Peace Jubilee. It is probable that it will be taken down at an early day.

The gross assets of the Coin Exchange Company at the time of the Boston fire were $270,000. The losses will not exceed $130,000, and the stockholders have agreed to submit to an assessment of $50 per cent.

The New York bank statement of last week is as follows: Decrease in loans $293,500; increase of specie 166,000; decrease of legal tenders 1,520,400; decrease of deposits 1,119,000; circulation 112,000.

The Market Fire Insurance Company of New York has suspended business and re-insured its risks with the Exchange Insurance Company. Its losses by the Boston fire amounted to about $181,000, and after all liabilities have been paid the remainder will be about $25,000.

On Friday night a trapeze performer at Wilde's Opera House, Cleveland, Ohio, named Harry Maynard, formerly of Syracuse, N. Y., was shot and instantly killed, by a courtezan named Minnie Fish, who claims that the shooting was accidental.

Nearly 200 freedmen, including several families, sail from New York for Liberia Wednesday next. The emigrants are mostly from Florida, South Carolina and Georgia, and go out under the auspices of the American Colonization Society.

In the township of Dummer, near the head of Stony Lake, Canada, a man named Briton, a laborer for a farmer named Payne, murdered the wife and child of the latter. The murderer was arrested and narrowly escaped lynching.

The Cunard steamer Malta, from Boston for Liverpool, was reported off Halifax Friday afternoon with her shaft broken. A tug was sent for her and she will probably have to remain at Halifax until a shaft is sent from Liverpool or New York.

By a collision on the Erie Railway near Buffalo, Friday evening, the locomotive of one train passed through two passenger cars of another train, demolishing the locomotive and cars. From 15 to 20 ladies were in one car, only one of whom was slightly injured.

Snow commenced falling at Washington, D. C., on Saturday afternoon, and at Kingston, Canada, a snow storm compelled several propellers and schooners to put back. At Buffalo, N. Y., the snow was two feet deep Saturday morning, and all trains were many hours behind time.

The Louisville (Ky.) Presbytery have rendered a verdict of guilty against Rev. Dr. Gilbert H. Robertson on charges of drunkenness and falsehood, and sentenced him to be deposed from the ministry, and suspended him from the privileges of the church until he shows repentance fitting him for membership.

The Boston fire was rather severe on publishers; but the Daily Transcript, American Magazine, the Waverly, and all of the weeklies and monthlies, secured new quarters at once, and though temporarily discontinued, new type and new presses, and hard work will enable them to soon run smoothly again.

LOST U. S. BONDS. For the benefit of persons who have lost United States bonds the following, from the work of Judge Richardson, the Assistant Secretary, is reprinted:—

"Persons often forward to the Treasury Department caveats of lost and stolen coupon bonds, but the only advantage gained thereby is that when those bonds or the coupons come in for redemption the department notifies the claimants who have filed the caveats of the presentation of the bonds and furnishes the names of the parties presenting them, in order that the loser may have all the information within the reach of the government which may possibly enable him to discover the parties who fraudulently obtained them. Beyond this the government can afford no relief. There are great advantages in holders carefully taking the numbers, dates, denominations, issues and series of their coupon bonds, and preserving them in some place apart from the bonds themselves, because, in case of destruction of the bonds by fire or otherwise, duplicates may be obtained under a law of Congress passed June 1, 1872; and, unless such memoranda are kept, it is difficult, if not impossible, to describe coupon bonds which have been destroyed with sufficient accuracy to obtain the benefits of the law. The facts as to the title of registered stock, but not as to coupon bonds, may be gathered from the records of the department."

The full official vote of Pennsylvania shows that Grant's majority reached enormous figures, 137,728. Yet his vote was 2,698 smaller than Hartranft's in October, while Greeley's vote was 145,799 less than Buckalew's. The New York Times thinks that as a proof of what sportsmen call the "staying" power of the Democracy, this is conclusive—if staying at home be any test.

... Greeley's majority in Pennsylvania is said to be 140,000.

STATE NEWS.

Pembroke has voted $19,100 to the stock of the Shore Line Railroad.

J. P. Norton of Lewiston lost a valuable horse Wednesday night, by the horse disease.

A large amount of bustle is reported at Skowhegan—mostly at the hoop skirt factory.

The York county Musical Convention is holding a prosperous session at Saco this week.

The Union, after giving the vote of a dozen towns in that county, concluded that the Quakers didn't vote for H. G.

The Chronicle says that several burglaries have been committed in Fairfield Village lately.

An Auburn shoe manufacturer had $35,000 insurance in Boston offices, all of which he is obliged to reinsure.

Hon. C. W. Kendall, of Nevada, who has been re-elected to his seat in Congress, is a native of Searsmont, in Waldo county.

The Knox and Lincoln Railroad Co. is to run an extra train between Rockland and Thomaston.

Several of the saw mills at Fairfield have ceased operations in consequence of lack of teams to draw lumber.

Otis Richardson of Fairfield, aged 93, voted for Grant and Wilson. He gave his first vote for Jefferson.

New cider has been selling in Dover for $2 50 per barrel, and good eating apples have sold as low as $1.25 per barrel.

Capt. B. C. Hallett of Eastport has been appointed Shipping Commissioner under the act of June 7th, last.

A careless boy fired a pistol through a window into the house of Mrs. Platt, Waterville, but fortunately no one was injured.

The shoe companies of Auburn had $200,000 worth of stock burned which they expect will be a total loss.

The annual exhibition of the senior class of Colby University will occur at the Baptist church Waterville, on Friday evening.

Captain Arthur Moore, at Machiasport, raised 1600 bushels of turnips the past season. He sold 1000 bushels to a Portland firm for fifty cents per bushel net.

A meeting is called at Brooks village Thursday, Nov. 21st, of all persons interested in educational matters, for the organization of a Waldo County Educational Association.

The Gardiner Journal notes the decease of Patrick Maher, who during the pursuit of his life, was an honest pleasant man. The little fault was rumselling.

The gale of Monday night blew down the barn and shed of Lemuel Howe, of Kents Hill, but a cow in the ruins escaped unharmed.

Owing to the destruction of a culvert over a brook in Rockland Friday night, it rose rapidly doing considerable damage by overflowing the basements of stores.

Henry O. Pratt, formerly of Foxcroft, has been recently elected Representative to Congress from the Fourth Congressional District in Iowa by about 8000 Republican majority.

It appears by the original documents that a large part of the present city of Auburn was originally granted to Messrs. Bagley & Little —price paid twenty-five dollars!

The people of Dover and Foxcroft have sent Dr. E. A. Thompson, and S. W. Hall, Esq., as a committee, to Massachusetts, to see what can be done in the way of inducing manufacturers thither.

The Sunrise says Joshua Damon of Presque Isle, raised this year 200 bushels of potatoes on ½ acre of land, and 216 bushels of buckwheat on five acres. No need of going West to raise good crops.

The store of Asa Buckman at Eastport was broken into Tuesday night by two boys. But little was taken from the store. Police officer Ricker caught them at Perry.

The Maine Standard asks: Will the Maine Farmer tell us what it means by "periodical currency?" Is it the kind that comes, in periods to the printers, like "angels' visits, few and far between?"

On Friday evening the barn of Edward G. Billings, on Little Deer Isle, was burned. Fifteen tons of hay, one yoke of oxen, three cows, and some sheep were destroyed. Loss $800, no insurance.

A correspondent writes the Lewiston Journal that Miss Mary C. Low, the lady Sophomore of Colby University, delivered a declamation before the college Thursday morning.—It was well done and only lacked a masculine voice.

Mr. Frank Foss, a truckman in the employ of Mr. Charles Harmon of Saco, Thursday morning, was standing upon a cart, endeavoring to move a box when he made a misstep and fell to the ground, fracturing his leg.

The Lewiston Journal says that it is estimated that there are 1000 cows with an aggregate daily product of 6000 quarts are now supplying Lewiston and Auburn with milk. There are about thirty milkmen employed in the business.

Mrs. Tozier of Athens, has reached the unusual age of 107 years. She is able to converse freely. When she was 104 years old she knit a pair of stockings. She is living with her second daughter, aged 80 years.

West Waterville is to have a course of lectures embracing the names of Gen. J. L. Chamberlain, Dr. Geo. B. Loring, Gov. Perham, Rev. Chas. F. Allen, Rev. Dr. A. K. P. Small, and Prof. B. F. Hayes. The lectures are for the benefit of the children of the temperance organization.

Between Rangley and Dead River, Mr. Wm. Rowe has been prospecting for some kind of minerals among the mountains.—Some eight or nine days ago, he took three days rations only with him, and has not been heard from since he left. Quite a company of men have looked for him several days.—They found his his mark in the snow, and followed it until thick growth, where they were not able to trace it any further. Men are out looking.

The Belfast Journal tells the following: A fellow has recently pervaded this city, offering cloths cheap under the pretext that they were smuggled, when they are the vilest shoddy.—He sold to a lady a piece of lace for a dollar warranting it to be thread lace. Giving him a ten dollar bill she received back nine dollars which she placed on a shelf. He then asked for a drink of water, and while she was gone for it he pocketed the money. On taking her lace to a dealer she was told that it was dear at fifteen cents.

The Portland Machine Works employs 100 hands in the manufacture of a great variety of machinery, making a specialty of steam engines of all sizes. The building occupied for the business is a brick one, three stories high, 94x44 feet, and is considered one of the finest in the State. The machinery is driven by two steam engines, one of 40 and the other of 20 horse power. They are now building an engine of 1,000 horse power for the steamer New England. The business was started 27 years ago by Chas. Staples, who was succeeded by the present proprietor, W. H. Fessenden, who has been carrying on the business several months.—[Com. Bulletin.

ANDERSONVILLE. A correspondent writing to the Cincinnati Commercial from Andersonville, Ga., gives a description of the old prison grounds and the cemetery there. The stockade is falling to decay, and a year or two more will efface it entirely, except from our hearts and memories. The "dead line"—over which so many brave soldiers passed to the freedom of eternity rather than endure the misery of life—can only be traced here and there, for most of the marks the last eight years have been obliterated. The thirty-five wells which the prisoners dug with cups and spoons remain just as they were left. And the wonderful spring, which was discovered one morning after a thunder storm bursting down the hillside, still yields its sweet, pure water as freely now as then. The cemetery ... thirteen thousand graves ... [illegible] ... under the scorching sun.

POLITICAL AND PERSONAL.

Report says that Minister Washburne will run against Mr. Trumbull for the Illinois U. S. Senatorship.

President Grant's majority in Illinois, his own State, is 56,000; and the majority against Mr. Greeley in New York, *his* own State, is 51,000.

The German Republican Central Committee of New York city, propose to celebrate by a grand banquet the National Republican victories at the recent election.

The N. Y. Tribune says there is very little foundation for the contemplated union between Tammany and Apollo Hall.

Senators Cameron, Osborne, and Spencer, and Ex-Senator Wade were among the callers on the President Saturday. Governor Hartranft of Pennsylvania was still in Washington.

Gen. R. Brinkerhoff, who was one of the leading spirits in the Cincinnati Convention, and who supported Greeley through the canvass, announced the other night in Cincinnati that he should act hereafter with the Democratic party.

The footings up of majorities in the Empire State leave Gen. Grant more than 53,000 ahead. Complete returns are not yet in. The Assembly will stand, Republicans, 91; Democrats, 36; Independent, 1—a clear Republican majority of 54.

The Republicans in Kentucky made a splendid canvass. They came near redeeming the State, Greeley's majority being less than 7000. In 1868 the Democrats had a majority approaching 80,000.

Andy Johnson was successful in baffling the wicked intentions of a midnight burglar the other night. Andy just sat up in bed and roared, and the fellow effected an immediate exit through the window.

Emilio Castelar and King Amadeus of Spain met recently in a side path in the Madrid prado. The King, who had never been introduced to Castelar, approached the great Republican orator, and shaking his hand, said to him, "Senor, I admire your genius." "And I," replied Castelar, "admire your majesty's courage."

The Observer thinks the prospect of a spool factory in Dover is good.

DISASTERS.
Capt Webber, in his schooner Powlowna, encountered the gale of Friday and Saturday, and he reports the most fearful sea that he ever experienced. Between Mt Desert and Moose-a-bec, he lost his foresail, and his vessel lay two hours in the trough of the sea, which pitched him about unmercifully. It seemed that every sea was to be the last, when engulfing his vessel. The gale was heavier than has been experienced since the gale of Oct. 4, 1869.

JOHN H LYNDE, - - PROPRIETOR.

MONDAY NOVEMBER 18, 1872.

BOSTON PRIDE

The whole country has admired the fortitude, cheerfulness and energy displayed by the merchants of Boston in facing the disaster which has befallen them and in promptly applying themselves to the work of restoration With this, however, there has been within a few days an outcropping of local pride which seems not only excessive but somewhat arrogant. It seems that Mayor Gaston, in reply to proffers of aid from various cities, replied that such assistance would be gratefully accepted At a subsequent meeting of the Relief Committee it was urged that Boston was amply able to care for its own poor and a resolution was offered embodying this declaration and politely declining pecuniary aid The Mayor, however, earnestly opposed this action stating that he knew enough of the ordinary winter distress to deter him from assuming the responsibility of checking the stream of benevolence intended to alleviate the necessarily increased suffering among the poorer classes thrown out of employment by the fire. His views prevailed, and a resolution accepting proffered contributions was given to the public Thereupon an outcry was raised that Boston had been humiliated by this action and several of the papers have roundly berated the Mayor and the Committee The *Advertiser* says

The terrible losses of our friends in Chicago, which made the giving of pecuniary aid an imperative duty on our part, and the receiving of it honorable on theirs, have nothing to correspond to them in Boston Not a family is without shelter, or has been for a moment since last Sunday at daybreak Not one that has gone without food on account of the fire nor is there the slightest danger of it till the city meets with some greater disaster, or the character of its people has changed The relief committee have exonerated the mayor from the responsibility for this step but it is impossible for them to remove the sense of personal degradation which many citizens feel when Mr. Gaston, whether as the chairman of the committee or as the mayor of Boston, takes advantage of the misfortune which has befallen some of our citizens to delegate the care of our own poor to the ... of strangers ' The step is a ... one. It is too late to remove the injury it has done; but it is not too late to retrace it and tell our kind friends the honest truth that the fire has caused no suffering which the ordinary charities of the city are not able and only too willing to relieve

The ... is even more indignant and denounces the action of the Committee as a disgrace to the city

It will ever be a subject of regret that the members of that committee allowed themselves ... by the feeble and pre... judgment of one who has proved to so utterly unequal to the occasion as Mayor Gaston, yielding to his exaggerated estimates and piteous appeals simply because of his official ... Thus were the better judgment of Mr Gray and his keener sense of propriety overruled, and the weak and just resolution which he reported to the meeting and advocated was rejected in favor of one which causes every true Bostonian to blush with shame The subsequent action of the committee upon the Baltimore communication, asking what aid was needed is a fitting commentary upon the position in which Boston has been placed by the adoption of the Gaston Mathews resolution To that communication the secretary was instructed to reply by transmitting a copy of the famous resolution setting forth that offers of pecuniary aid from all parts of the Union will be gratefully accepted. That is, Baltimore asks of Boston "What aid do you need?" and the answer is "Send everything you can raise" For this is virtually the purport of the Baltimore correspondence whether the committee meant it or not Could anything be more preposterous than this to make Boston the great beggar city of the world?

We say to these self-constituted solicitors of charity for Boston, that they have grossly misrepresented the public sentiment of the city and if they doubt it let them ask their ... at the first ... they meet upon ... Boston has no such groveling disposition to shift her burdens upon the shoulders of other communities and she is not content to rest under so false an imputation The press and the public abroad should understand that the committee's action is not and will not be sustained by the public sentiment here, and that it will be repudiated by the almost unanimous voice of our citizens The help which Boston needs is the good will, forbearance, encouragement, and ... patronage of those who sympathize with her in her great calamity, and not pecuniary aid in relieving her destitute

The ... takes a different and as it seems ... a more sensible view It esteems it a ... pride and an overweening self confidence which would reject the proffered generosity ... of ... nations

The point that Boston has always within its aim to form a ... has been borne done too gracefully and as we enter upon the ... with thousands added to ... list of ... with other thousands cut off temporarily from the means of ... we cannot afford, for their sake, to repulse the ... of assistance made in their behalf These are people who will not beg but who must be sought out and cared for, and in accepting the gifts from abroad we concede nothing of our ability to care for our own poor any more than to rebuild our own warehouses but heartily acknowledge the good will that prompts such brotherly action

It seems to us that this peculiar manifestation of sensitiveness is not highly creditable to Boston That there is enormous wealth remaining and that the heaviest losses have ... upon the wealthy is true and this might well ... any appeal for a general contribution from other communities But ... has been a voluntary tender of hundreds of thousands of dollars by people who are able and glad to give, and which was intended for nothing more than the ordinary municipal charity " And when the aid on ... Boston interposes their pride as a barrier between the sympathies of other communities and the thousands of poor working girls and working men who would be relieved and sustained by such benevolence, they do assume a grave responsibility While there is so much sensitiveness in Boston with reference to caring for local privation and distress it strikes an outsider as somewhat strange that Chicago and other places should have raised and forwarded hundreds of thousands of dollars before Boston has had moved in this direction There is no danger that too much will be done to alleviate the condition of those who are the real sufferers by the great disaster Boston generously contributed to the wants of the sufferers of Chicago, and it is a questionable pride which thrusts back the warm hearted return of its own bounty This response of American communities to the voice of distress in either section is a noble illustration of the brotherhood of our people and this fund of fraternal benevolence should be permitted to circulate unchecked, governed only by the Christian law of gravitation toward those points where the simple fact of human distress is a sufficient appeal for its alleviation

The ostentatious manner in which Senator Cameron and a numerous delegation descended upon the President on Saturday with a demand for the reward of party services, merited the dignified rebuff which they received at the lips of President Grant. The latter plainly understands that no man owns the Republican party, and his straight-forward method of dealing with officious personages and frank statement of his purposes, furnish a convincing answer to the opposition charge that the President is but a puppet in the hands of the Pennsylvania Senator. The action of the President and his statement of the reasons therefor, will be cordially approved by the people.

Twenty-two Massachusetts insurance companies have suspended; ... being located at Boston and two at Worcester The former are The Boston, Boylston, City, Elliott, Faneuil Hall, Exchange, Firemen's, Franklin, Howard, Lawrence, Manufacturers' Merchant's, Mutual Benefit, National, North American, Prescott, Shoe and Leather Dealers,' Suffolk, Tremont, and Washington. The Worcester Companies are the Bay State and People s. These twenty two will pay an average of about fifty-five per cent. on their liabilities. The Prescott and others have obtained new capital, and will start again. In Rhode Island the Equitable and Merchant's have suspended and will pay about sixty five per cent.

In returning to the editorial chair of the *Tribune*, Mr. Greeley manifested considerable satisfaction in announcing that henceforth it would be an independent journal" Here is what H. G. had to say about that class of papers no longer ago than Jan 4th, 1871,—

"That what styles itself an 'independent' journal is inevitably a fraud, we have long felt and known The essence of its profession is an assumption of indifference to the ascendency of this or the opposite party, which does not exist. In a free State, where of the people are intelligent, no journalist is or can be indifferent, and an affectation of impartiality necessarily cloaks some selfish and sinister design."

FLORIDA Later returns from Florida indicate that the State must be transferred to the Grant column The vote of all but five counties gives Grant 3600 majority, which, if the missing counties give the same democratic majority as in 1870, will not be overcome Returns show that the republican majorities have increased an average of fifty per cent on those of two years since, which leaves little apprehension that five counties can save the State to Greeley The Legislature will have five or six republican majority, insuring a republican successor to Senator Gilbert. The entire Cuban vote at Key West was thrown for Greeley, in obedience to direct instructions from the Junta in New York.

ARKANSAS The Little Rock Gazette publishes returns official and unofficial from every county in Arkansas They give Baxter (Rep) a majority of over seven hundred for Governor The same paper expresses the opinion that D J Smith, the Reform candidate for Lieut Governor, J R Berry, Reform candidate for Auditor, and J W Haynes, the Reform candidate for Congressman at large, are also elected It thinks that Gunz (Dem) has been elected to Congress in the 1st District, and Gunther (Dem) in the 3d District. It will require an official count to settle the matter as to Smith, Berry and Gunz.

There is some prospect that the Straits of Magellan, connecting the Atlantic and Pacific will soon be extensively used by shipping to avoid doubling Cape Horn. An English company has already organized a powerful tug company for towing vessels through The distance from ocean to ocean is about three hundred miles In March last the Hassler expedition passed through these straits All of the land on the straits is very barren, with the exception of that in the vicinity of Sandy Hook, a settlement of some thousand persons the only civilized habitation for hundreds of miles It was formerly used by the Government of Chili as a penal settlement. Coal has been discovered in the vicinity, which will greatly aid the project of establishing a line of steam tugs to tow sail vessels through the straits, thereby avoiding the stormy and tedious passage round Cape Horn

IMPORTANT SCIENTIFIC DISCOVERY—THE NOVEMBER ATMOSPHERIC WAVE. The researches of the U S Signal Bureau have just been rewarded with a beautiful and highly important meteorological discovery. On the coast of England, from time immemorial, the phenomenon of the great November atmospheric wave has been the speculation of scientists and seamen, but Sir John Herschel and others have supposed it was peculiar and confined to England and Western Europe, which it reached from the South Atlantic and over which it rolls in long continued undulations from October until January, constituting an important element in the phenomenal character of European winters On the 12th of November a similar atmospheric wave began to break over the shores of Oregon and British Columbia. By the evening of the 13th, it had spread over nearly all the Pacific States and the Territories of Utah and Nevada, and at midnight was passing through the passes of the Rocky mountains. On Thursday, the 14th, it descended upon Colorado, Nebraska, Kansas and the Indian Territory. On Friday morning, it extended in apparently unbroken magnitude and magnificence from Oregon and Washington Territory eastward throughout the great depression of the Rocky mountain backbone in Idaho and Montana, and stretched thence to the lower Missouri and lower Mississippi valley, and over the western shores of the Mexican Gulf This discovery will enable meteorologists to anticipate by many days the approach of winter as it advances from the Pacific coast eastward to the great current of westerly winds It serves to clear up the old mystery of American winterstorms, showing that they originate in the Rocky mountains, against whose cold and loftiest summits in Nevada Utah, Colorado and Southern Wyoming the vapor laden air of this wave is soon condensed in the overwhelming snows of the forty first parallel. As this vast aerial wave crossing from over the warm Pacific is probably like the English wave, numbered in successive undulations for two or three months, it may assist in explaining the comparatively high temperature and light precipitation in winter along Puget's sound and eastward.

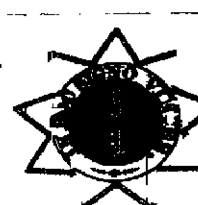

THE LOSS OF HARVARD COLLEGE. Harvard University has lost heavily by the Boston fire It held property in the burnt district to the amount of $562,000 This amount includes the value of the land. It will cost $300,000 to rebuild Towards this it has $100,000 of good insurance out of the $210,000 for which it was insured The permanent loss is thus reduced to $200,000 "This," says President Elliott " we must beg." By the losses of the fire the University is cut off from about $40,000 of rents until it can rebuild Some of the most essential expenditures of the University were made from this income Several of the Professors' salaries were paid from it, a portion was used for the repair of buildings, and the remainder was used in the every-day needs of the College. This $40,000 and $10,000 more to meet insurance assessments, the reinsurance of building collections and libraries is needed immediately, in order that the work may go on at Cambridge. The insurance was mostly in Boston and adjoining towns. The property destroyed was located as follows Nos 1 to 5, Arch street, 24 to 28 and 45 to 49 Franklin street, 25 to 29 Hawley street.

The loss falls on the different departments of the College about equally The divinity school loses a fund of about $6000, required for salaries and current expenses. The law school and Collegiate Departments suffer similarly. The $50,000 required might perhaps be easily raised by Harvard from its own resources, had it any general fund or income on which to draw; but every fund it has is pledged to some particular application, and no power in the University has authority to divert it.

The full valuation given above $562,000, is the city valuation. President Elliott thinks the land is estimated too high and the buildings too low. He does not see how they can rebuild on the city valuation The University wishes to rebuild immediately to repair its income, but it cannot do so unless the burnt $300,000 can be replaced. President Elliott is cheerful and confident that Harvard's sons and friends will not desert her in this time of her need.

THE FLOODS IN DENMARK. A cable dispatch says the storm which raged in the north of Europe on Wednesday and Thursday, was very disastrous throughout Denmark and on the coast. The wind blew a hurricane and rain and snow fell incessantly, streams overflowed the banks, inundating the country for miles around. Immense damage was done to the seaport towns, and immense marine disasters have occurred. Reports of the loss of twenty-four ships are already received. Half of the town of Presto on the island of Zealand, on the Baltic, a bald waste by the force of wind. The small island of Bolow is entirely inundated by water, and every inhabitant drowned.

MAINE NEWS.

FIRE AT FRANKFORT.

RESIDENCE DAMAGED AND OUTBUILDINGS DESTROYED.

FRANKFORT, Nov. 16. Frank Treat's fine residence was partially burned this evening. The fire threatened a large block of stores, hotel, hall and dwelling houses. Mr. Treat does not think the fire was the work of incendiary. One of his men put up a horse about dark, but does not know how the fire took. The barn and part of the ell were entirely consumed, and the house badly damaged. Insured as follows: London, Liverpool and Globe, $3500 on buildings; Hanover, $1500 on buildings; ... of Liverpool, $2000 on furniture. Buildings damaged about $3000, furniture about $2,000.

FROM EASTPORT.

OFFICIALS ON A TOUR.

EASTPORT, Me., Nov. 1[?]. Gen. Pelham and Gen. Douane arrived last night on a steamer to attend to the business connected with land taken for batteries at the reservation.

FROM PORTLAND.

SYMPATHY FOR BOSTON.

PORTLAND, Nov. 16. At a citizens' meeting to-day, held to confer in regard to the Boston fire, the following resolutions were adopted:

Resolved, That the people of Portland, gratefully remembering the welcome relief so promptly and liberally supplied to the needy sufferers from their great fire in 1866, by the citizens of Boston, tender their cordial and heartfelt sympathy in view of the calamity that has so suddenly befallen that city.

Resolved, That a committee of seven be appointed by the Mayor to consider the loss and suffering occasioned by the recent fire in Boston, with full power to take such action as they deem therein as the subject may require.

DOMESTIC NEWS.

FROM BOSTON.

STILL UNIDENTIFIED.

BOSTON, Nov. 16. The remains of two bodies taken from the ruins on Wednesday ... with an undertaker, but there is no means of identifying them except by patches of clothing.

MORE BODIES FOUND.

The bodies of Mrs. Martha Hutchinson ... were found among the ruins of Shreve, Crump & Lows store. Miss Hutchinson saved herself by jumping from the window. Search is continued for other bodies.

The remains of Daniel Cochran, late Second Foreman of the Hook and Ladder No. 4, were ... from the ruin on Washington street ... They were charred beyond recognition, but identified by a tag with keys attached. He was 32 years of age and leaves a wife and two children.

Shortly after the finding of Cochran, Capt. Warren Farre, of the same Company was found, and identified by a gold chain belonging to wife.

Michael Cuddy has been missing since ... day night and was last seen at the falling walls on Summer street.

THE CHURCH ATTENDANCE.

The crowded churches to-day were in remarkable contrast to the thin attendance the previous Sabbath, while the audience were composed of a few women and children. The great conflagration was the subject to-day in all the city pulpits.

CLEARING THE STREETS.

Washington street is now opened for travel and other streets in the burnt district will probably be cleared of debris during to-morrow. A small military guard is still on duty. Thousands of people visited the ruins to-day.

THE POST OFFICE

Faneuil Hall is so swamped with mail they are obliged to send a large amount of matter to other offices for distribution.

OPENING OF A VAULT—CONDITION OF THE CONTENTS.

The most interesting locality among the ruins to-day, and one to which hundreds were attracted by the operations there in progress, was the rear of the store of Messrs. Shreve, Crump & Law. Beneath the sidewalk was a brick vault 15 feet long 10 feet wide and 10 feet deep, which contained between $75,000 to $100,000 worth of silver, including the altar service belonging to Trinity Church; a portion of the sacramental silver of the Brattle Square Church; a set of silver presented to Col. Wm. Aspinwall by the merchants of London, which ... inscribed thereon includes those ... George Peabody, Baring Brothers and others; a pitcher presented by Daniel Webster to Peter Harvey; and other mementoes, besides silver ware belonging to the firm. The goods were placed there after the fire was got under on Sunday, and the vault being considered the most secure place in the neighborhood. When the building was blown down by the explosion of gas at least 200 tons of granite were piled upon top of the vault. But after opening it, the sacramental silver, presented to the Trinity Church by King George the Third, The Brattle Square Church pitcher bearing date 1764, the Webster pitcher; and other silver ware was brought forth in good order. In some parts of the vault exposed to the hottest of the fire articles were melted. Later in the afternoon search was continued under the sidewalk, with the hope of finding a service of silver which had been sent down to the workmen on Saturday to be cleaned, but with what success has not transpired.

FROM WASHINGTON.

TREASURY BALANCES.

WASHINGTON, Nov. 16. The following are the Treasury balances to-day:

Currency,	$8,521,106
Coin,	72,997,542
Coin certificates,	21,554,000
Special deposites,	25,730,000

THE YOUNG MEN'S REPUBLICAN CLUB of Washington, called upon the President to-day and congratulated him on his re-election. The President in reply, said the vote he has received was more gratifying to him than the possession of the office itself; as it served to show that the American people did not believe the campaign slanders on his character.

PATENT-RIGHT TREATY.

WASHINGTON, Nov. 17. Our government yesterday prepared the project of a Treaty or Convention between the United States and Austria to secure in that country the rights of American inventors to the same extent that Austrian inventors are protected in our country. It is the design to lay this proposition before the Austrian government at the earliest practicable period, and the telegraph may be used to facilitate the negotiation. Should this measure be consummated our government will propose to the various nations of Europe some international arrangement to secure the rights of inventors of the respective countries.

DEPARTMENT REPORTS.

The only report of the Department completed is that of the Secretary of War. The others are in a state of forwardness. Nearly all the reports of the Chiefs of the bureaus have been sent to the public printers.

THE PRESIDENT'S MESSAGE.

The President has recently been arranging points for his Message but has not commenced writing it. Some of the contents of the document can be inferred only from his recent private utterances, and it is safe to say that it will be more liberal in tone, especially toward the South, than former messages, the recent vote in that section being indicative of better feeling than heretofore toward the general government, while the press is more moderate with utterances, not taking into account the popular majority of the entire country.

The recent pardon of

APPLETON OAKSMITH,

is regarded by Southern gentlemen as showing a more friendly feeling and foreshadowing Executive action relative to some of the Ku-Klux prisoners now serving out sentences in the Albany penitentiary.

THE MIXED COMMISSION

has made additional awards to British subjects, amounting to $3,058.

NEW YORK CITY.

NEW YORK, Nov. 16. There is a marked improvement in the horse disease in Brooklyn to-day. The cars will run at day to-morrow.

ROW AMONG STUDENTS—A FATAL FALL.

A student of Columbia College named White was fatally injured in a row between two of the classes, he having been thrown over the banisters, a distance of three stories.

GUNPOWDER AT FIRES.

General Newton, U. S. A., in an interview yesterday, expressed the opinion that the use of gunpowder was injudicious to stop the progress of fires, giving preference to dualin and giant powder, which will not scatter combustible debris, but cut the building off close to the foundation and let it fall vertically. He did not believe in the organization of separate corps of workmen, thinking the firemen able to do the work. The Fire Commissioners of New York have appointed two Boards of Examiners to test the competency of the officers of all the companies and of the Assistant Engineers.

RAID ON CONCERT SALOONS.

The police raided on 9 Broadway concert saloon last night, arresting the proprietor, barkeeper and 160 female waiters who are held for examination.

REFORM.

It is stated that the Fire, Police, Charities and Docks Departments of the city will be abolished by legislative action this winter.

IMMENSE FRAUD.

Testimony was given before the Commission appointed by the Supreme Court that over $10,000,000 worth of property has been given for nothing in the franchises to street railways.

THE CAHOONE CASE.

In the United States Court yesterday, Judge Shipman decided against the Government in a suit to recover $25,000 from Benj. J. Cahoone, the alleged defaulting Paymaster in the Navy and his sureties, holding that Cahoone was a lunatic at the time of entering into his bond and incapable of making any contract whatever.

PENNSYLVANIA.

SNOW.

PHILADELPHIA, Nov. 16. Snow commenced falling at 3 o'clock this afternoon.

ROBBED OF $2000.

TITUSVILLE, Nov. 16. The residence of Jno. Watson, one mile from this city, was entered last evening immediately after dark by five masked men, who after binding each member of the family, compelled Mr. Watson to open his safe, from which $2000 were taken after which Watson was bound and the robbers made their escape.

NEW HAMPSHIRE.

BODY FOUND—PROBABLE SUICIDE.

MANCHESTER, N. H., Nov. 16. The body of a man was taken from the Piscataquog river near this city this afternoon, supposed to be that of Richard M. Sykes of Lawrence, as a receipted tax bill of that city for 1872 was found upon his person. It is supposed to be a case of suicide, as a bundle of clothing was found upon the banks of the river about three weeks ago, and the body has the appearance of being in the water since then.

UTAH.

DIAMOND DISCOVERY.

SALT LAKE, Nov. 16. Several stores of collection recently brought here are proved genuine and valuable diamonds which creates some excitement.

THE WEATHER

is extremely cold.

KENTUCKY.

LYNCH LAW.

LOUISVILLE, Nov. 16. Sunday night last a mob of 75 men forced the jail at Blandville, Ballard Co., and took out a negro named Ross Brandon, charged with rape on a young lady in this vicinity, and hung him to a tree in the outskirts. The men reported that they were from Illinois.

SHOOTING AFFRAY.

Yesterday, in Shepherdville, B. S. Crist threatened John H. West with a drawn pistol. West took Crist's pistol away, and drawing his own, shot him in the abdomen and back, inflicting mortal wounds.

WEST VIRGINIA.

THE HORSE DISEASE SPREADING.

WHEELING, Nov. 16. The horse disease is spreading in this vicinity. It is seriously interfering with business.

LOUISIANA.

TEMPORARY INJUNCTION GRANTED.

NEW ORLEANS, Nov. 16. William P. Kellogg has applied to the United States Circuit Court for an injunction against further counting of the election returns by the present State Returning Board, restraining John McEvery from acting as Governor, or making claim to that office, and prohibiting the New Orleans Republican publishing anything criminating from the Board of Returning officers. Judge Darrell has granted temporary restraining orders, and cited the defendants to shew cause on the 19th why the injunction should not be made permanent.

VIRGINIA.

GRANT'S MAJORITY.

RICHMOND, Va., Nov. 16. Official returns from all counties but one give Grant 1,975 majority.

The first snow of the season is now falling.

TENNESSEE.

GREELEY'S MAJORITY.

NASHVILLE, Nov. 16. The official returns give Greeley 8,213 majority, with ten counties to hear from.

DELAWARE.

GRANT'S MAJORITY.

WILMINGTON, Del., Nov. 16. An official count gives Grant 908 majority in this State and Lafland, (Rep.) for Congress, 362 majority.

GEORGIA.

ESCAPE OF A FORGER.

SAVANNAH, Nov. 16. William Anderson, alias Cohen, the bank forger, escaped to-day while being taken to jail.

MICHIGAN

KILLED BY A FALLING SCAFFOLD.

DETROIT Nov. 16. Six women were killed and 9 wounded by the falling of the scaffolding in the new depot in Jackson to-day.

ARKANSAS

EXTENSIVE FIRE.

LITTLE ROCK, Ark., Nov. 16. Thirteen stores, the Court House, Postoffice, and a number of dwellings at Fort Smith, have been destroyed by fire. Loss, $100,000.

FROM THE PACIFIC COAST.

DELEGATE ELECTED.

SAN FRANCISCO, Nov. 16. McCormick has been re-elected delegate to Congress from Arizona.

PROTEST.

The people of Arizona protest against having the Territory transferred to the Department of New Mexico, and against the assignment of Gen. Howard, or any one else, to the command in place of Gen. Crook.

INDIANS DYING.

The Apaches living in San Pedro Bottom are dying rapidly of consumption and scrofula.

FEARS FOR THE ARIZONA.

The steamship Arizona is 12 days over-due. She has not been heard from at San Diego, and fears are entertained for her safety.

Steamship Costarica sailed for Panama to-day.

THE LORING MASSACRE.

It has been ascertained that at least 24 Apaches were engaged in the Loring massacre, 13 of whom are known to be Indians from Camp Date Creek reservation.

MARINE NOTES.

Thirty vessels are here to load with wheat. An inward bound fleet of 185 vessels is due before April 1st.

The sailing of the China steamship is postponed until the arrival of the Arizona.

THE WEATHER.

WAR DEPARTMENT,

OFFICE OF THE CHIEF SIGNAL OFFICER,

WASHINGTON, Nov. 17.—8 P. M.

Probabilities.

In the Northwest and thence to the lower Ohio valley northwesterly winds and partially cloudy and clearing weather with occasional snow, extending to the Western lakes. In Michigan and on the lower lakes and thence to the Ohio valley, slowly diminishing pressure, increasing cloudy weather and southwesterly winds. In the New England and Middle States southwesterly to northwesterly winds and clear cold weather. In the South Atlantic and Gulf States high barometer, partly cloudy weather, northerly to easterly winds with occasional light rains and increasing temperature in the western Gulf. Warning signals are ordered for Milwaukee, Chicago and Grand Haven.

SPAIN.

LEGISLATIVE.

MADRID, Nov. 16. The lower House of the Cortes has passed the first clause of the mortgage bank bill. There is

TROUBLE AT VIHARIA

between the Government authorities and the artillery troops there, caused by the opposition of the latter to the appointment of Gen. Midalgo as Captain-General of the Province. The latest reports from the town state that the troops maintained their defiant attitude and more serious trouble is feared.

In consequence of the recent demonstration of roving Carlist bands in the Northern Provinces, the garrison at Santandor has been increased and a force of carbineers has been concentrated at Logrous.

KING AMADEUS.

The health of King Amadeus is improving.

RESIGNED.

Captain-General Hidalgo has resigned and the conflict between the authorities and the artillery has ended.

FRIGATE SAILED.

The American frigate Plymouth has left Barcelona.

FRANCE.

ARMS SEIZED.

PARIS, Nov. 16. Twenty-three cases of Marsailles rifles to be sent to the Carlists now in Jerona, were seized at Perriguan by the authorities.

U. S. STEAMER SHENANDOAH

arrived at Marsailles, and will shortly sail for Tunis.

GERMANY

THE GREAT STORM—EIGHTY VESSELS LOST—INUNDATION OF STRALSUND—ISLANDS OVERFLOWED—GREAT LOSS OF LIFE AND PROPERTY.

LONDON, Nov. 16. A dispatch from Stralsund to-day reports 80 vessels totally wrecked in the gale. The town is considerably damaged by inundation.

The fishermen on the Islands of Ginget, Dars and Kiddensoe lost all their fishing smacks and apparatus. The houses and contents were heavily damaged by high water, and nearly all the cattle on the islands were drowned.

The mills were flooded from the sea, and the inhabitants are suffering greatly for want of fresh water, food and shelter. The Government has dispatched steamers with supplies to their relief. The Island of Rugen also lost heavily. Many of its fishing boats were destroyed, and the fields near the coast are flooded. The loss of life, both on the islands and the main land, is very great.

BISMARCK RECOVERING.

BERLIN, Nov. 16. The departure of a physician from Berlin for Vargin to attend Bismarck created grave apprehensions as to his condition. All fears are dispelled by the receipt of dispatches stating that he was recovering.

EMIGRATION DISCOURAGED.

The Government has issued a Ministerial decree, signed by Styempltz, Minister of Commerce, commanding German railway companies to discontinue the practice of transporting emigrants unless full rates are paid for persons and baggage. Hitherto railway companies have carried emigrants from the interior to the seabord at very low rates and the baggage free, encouraging emigration. The decree is arbitrary, and obstructs emigrants by increasing the difficulties in reaching the seaboard.

THE DOMINION.

SCHOONER SEIZED.

HALIFAX, Nov. 16. The schooner Jane was seized at Cornwallis yesterday, for violation of the Revenue laws.

STEAMER DISABLED.

The steamer Malta, of Boston, for Liverpool, arrived here last night disabled. She left Boston Tuesday, and the following day her shaft broke. She then made sail and bore up to Halifax.

ALL RIGHT.

The steamship Neptune which was driven ashore in the late gale has been got off, and is believed to be uninjured.

PRODUCE MARKET.

The following report is obtained by particular observation on the market and the quotations are the prices paid for produce from the country teams this day, or about the average for the week past:

HAY. Loose hay has been brought in quite plenty during the week and the best qualities have sold at $15 to $16 and occasionally a load at $17 and $18 per ton—some second quality lots sell at $11 to $12 per ton. Pressed hay is coming into market quite plenty and a good article sells from the storehouses at $18 to $20 per ton.

STRAW. Loose straw is plenty on the market at $8 to $10 per ton.

OATS are worth from 48 to 50 cents per bushel.

BEANS. Good clean yellow eyes are selling this week at $2.75, and extra hand picked pea beans are scarce and sell quick at $3,00 to $3,25 and some nice lots at $3,37½ per bushel.

BUTTER. The market is quite well supplied with butter of a common and fair quality which sells from the market teams at 25 to 28 and occasionally a lot that is really nice at 30 cents per pound. Solid butter we should quote at 20 to 23, and the very best lots at 26 cents per pound.

EGGS are scarce in the market and small fresh lots sell readily at 34 to 35 cents per dozen.

APPLES. Green apples are plenty on the market and are selling at $2,00 to $1,40 and $2,00 per barrel—the latter price buys a very good quality of fruit.

POTATOES are selling on the market, to-day at 75 to 78 cents per bushel.

TURNIPS. Rutabaga turnips sell at 50 to 60 cents per bushel.

SQUASH. The best marrow squash are worth on the market at 1½ to 2 cents per pound.

CRANBERRIES are worth from $3.00 to $3,50 per bushel.

CHICKENS sell at 12 to 15 cents per pound, and hens and year olds from 12 to 14 cents per pound.

TURKIES seem to have forgotten about the holidays, and the most of them are coming into market looking quite thin and blue. They are selling from 15 to 18, and the most prosperous appearing ones 20 cents per pound.

DUCKS are worth from 75 cents to $1,00 per pair.

FRESH MEATS. Round hogs are worth from 8 to 8½ and 9 cents per pound, and fresh beef sells on the market by the quarter or side from 7 to 10 and 13 cents per pound. Mutton are worth from 8 to 12 and Lambs at 11 to 14 cts per pound.

WOOD AND COAL. The best quality of dry hard wood is worth from $7,00 to $8.50 per cord and soft do, $4,00 to $5,00. The best qualities of coal for kitchen and furnace are sold, at $7.50 to $8.00 per ton. Soft coal one shilling per bushel.

LOCAL AND OTHER ITEMS

—Fine day Saturday, cold and windy yesterday, and clear and frosty last evening.

—We noticed several croquet parties enjoying the favorite lawn game Saturday—quite complimentary to the weather.

—Steuben has voted to take stock in the Bangor and Calais Shore Line Railroad to the amount of $8,000.

—Postal car No. 1, Eastern Railroad, has been repainted and varnished, and is once more running between Boston and this city.

—Our merchants are paying bills in Boston due thirty and sixty days hence—ahead of time.

—W. C. Pitman, Esq., the contractor, laid over three miles of track on the Somerset Railroad last week, making more than five miles now laid.

—Messrs. Durgin and Farrell have commenced blasting in the ledge for the approaches to the new McQuestion mills bridge across the Kenduskeag.

—The contracts for the woodwork of the new bridges over the Kenduskeag at Morse's and McQuestion's mills, have been awarded to Mr. C. B. Brown.

—A private dispatch to Capt. G. H. Chick of this city states that the body of Mr. Wm. S. Frazier, buried under a falling wall in the Boston fire, has not yet been recovered.

—The stockholders of the E. & N. A. Railway Company in Maine will meet to-day, to take action on the terms of consolidation with the Western Extension Company.

—An altercation between two men who seemed belligerently inclined drew a large crowd in front of the Mercantile Bank last evening.

—Joseph Richardson of Milford, had one foot badly crushed by the wheel of a heavily loaded wagon passing over it, on Hancock st. Saturday forenoon.

—The tall old elm which has stood so many years at the corner of Main and Middle streets, has been cut down in lowering the sidewalk.

—Workmen are now busy repairing the large hall and ante rooms in third story of Union block, Main street, for the Jameson Guards, who are to occupy them as an armory, etc.

—We learn that the wet weather interferes seriously with the preliminary survey party which started from this city on the Shore Line road towards Ellsworth. The swamps and streams are full of water.

—The night express train from Boston brought a postal car to this city yesterday morning, and we understand that these cars will be run regularly on the night trains by the first January.

—The sidewalk on Main street, in front of Lewis Block is being cut down to grade—an excellent plan, for the two steps formerly in the walk were great "stumbling-blocks" to pedestrians.

—A chimney of the Central House burning out caused an alarm of fire a little before 5 o'clock Saturday morning, and the Fire Department turned out, but fortunately its services were not needed.

—People residing in the vicinity heard loud talk, a scuffle and a pistol-shot in the toll-bridge about one o'clock yesterday morning, but we could find no one who knew anything further about the muss.

—Mr. Wm. Renne & Son are introducing Renne's Magic Oil into the lumbering camps of the upper Penobscot. It is excellent for man or beast and is particularly valuable as a remedy in places where professional assistance cannot be obtained.

—One of the crew of the steamer Cambridge was found to be sick with small-pox, yesterday, and was taken to the pest house. The steamer was thoroughly fumigated and every possible precaution taken to prevent the spread of the disease, so that there need be no alarm concerning it.

—Twenty seven cars loaded with general merchandise, six with cattle, three with leather, one with potatoes, and one with shingles came down over the E. & N. A. Railway on Saturday. Six loaded with wood and lumber, four with bark, and two with potatoes were received from the B. & P. road.

—Conductor Swan of the E. & P. Railroad was made the recipient on Saturday of a very handsome testimonial, from the Station Agents along the line of the road, in the form of a conductor's lantern, the metal portion of of which is silver, and on the glass his name, surrounded by an elegant floral design, is finely engraved.

DEATH OF A PROMINENT CITIZEN OF CHARLESTON. Cornelius H. Norcross, Esq., a prominent citizen of Charleston, died at his residence on Friday night of consumption. He was well known in this city, having lived here several years, and enjoyed the respect and esteem of the community. His funeral was attended yesterday afternoon by Olive Branch Lodge, F. & A. M., of which institution he was a member.

EVENING SCHOOL. The government of the Mechanics Association met at their Library rooms on Saturday evening and voted to open an Evening School on the first Monday in December. There are upwards of thirty applications for admittance and we are assured that good teachers and ... will be provided. The school is designed for apprentices and ... of mechanics, who ... [illegible]

dramatic entertainments on Monday and Tuesday of next week, presenting the comedy "Our Wife," and the farce "The Little Rebel." Mr. Andrew's excellent orchestra will furnish music. The class give these entertainments for the purpose of procuring funds to defray their graduating expenses, and as they have spent much time and been at a considerable expense in preparing them, we hope they may be liberally patronized.

CHANGE OF GAUGE. To day the gauge of the Grand Trunk Railroad will be narrowed to 4 feet 8½ inches between Sarnia and Fort Erie, opposite Buffalo, and after this a complete narrow-gauge line will be in operation, *via* the Grand Trunk, between Chicago and all points west, and New York and all points east. Until the gauge of the Grand Trunk is altered to Montreal, which will be done as rapidly as possible, the change from broad to narrow will be made at Stratford where very extensive facilities are being provided.

THEATRE TO-NIGHT. The Flora Myers Dramatic Combination commence a season of three nights at Norombega Hall this evening, with Mr. J. W. Lanergan as the star. Mr. Lanergan's reputation as an actor is an excellent one, and ought of itself be sufficient to draw a full house, independent of the reputed merits of the rest of the Company.—The play to-night is the celebrated drama in five acts called the "Willow Copse," from the pen of that gifted actor and author Dion Boucicault, with Mr. Lanergan as *Luke Fielding*, and Flora Myers as *Rose*, sustained by a cast of characters, embracing the whole strength of the Company, and theatre goers are promised a rare treat.

NEW RAILROAD. Mr. Thos. C. Holt, Engineer in Chief of the Maine Central Railroad, has recently been in Eastport examining a route for a railroad between that place and Pembroke. It is proposed to run the road from the Pembroke Iron works easterly, striking Little River in Perry, then following the river down to Little River bridge, then southerly to Pleasant Point, crossing over to Carlow's Island, and following the old county road to the Andrews' place, and from there running across the Carrying Place Cove to John Mathews', from there on a nearly straight line to the head of Key street, then down the valley to Huston's shipyard, and sweeping around the shore to the wharves in Eastport, the whole distance being about ten miles. Mr. Holt is of the opinion that over the route designated, the road can be built at as cheap a rate per mile, as over any ten miles on the proposed line of the Shore Line Railroad. The *Sentinel* is confident that the road will soon be built.

PROF. MORSE'S LECTURE, in Music Hall this evening, promises to be very entertaining as well as instructive, judging by the numerous highly complimentary notices he has received from the press wherever he has appeared. Of his lecture on "How Animals Move," (the same he delivers to-night.) The Indianapolis *Journal* says:

"Those who imagine scientific lectures must be dull, and dull only, should have been of the goodly number who enjoyed Professor E. S. Morse's lecture before the Academy of Sciences at Masonic Hall. It was in truth one of the most entertaining discourses ever delivered in this city, and in some passages the scientific truths were supplemented with a quiet humor equal to Mark Twain's best efforts. It would, of course, be impossible to report a lecture depending so largely on illustrations without doing the speaker great justice, and we will only say that Professor Morse fully established his claim to the highest credit as a popular lecturer."

SHIPPING NOTES. The schooners *Mary Ann McCann* of Bangor, and *E. Means* of Stockton are on McGilvery & Co.'s Marine Railway in Brewer, being recaulked and otherwise repaired. The schooner *F. N. Tower* of Belfast is also undergoing slight repairs at the yard of the same firm.

At Oakes & Son's yard in Brewer the schooners *Vesta* of Bangor and *Seraph* of Brooksville are repairing—the former recaulking and the latter having a new rudder-post put in to replace that broken when the schooner was driven ashore below the Maine Central depot in the heavy gale a few nights since.

The schooner *Ida Moulton* of Rockland, off Jeffrey's Point, shortly after two o'clock Saturday morning, was burned to the water's edge. She was loaded with lime. The loss was about $20,000.

Jonathan White, of Rockland, has purchased the schooner *Tyro* of parties in Portland. She is about ninety tons.

RUNAWAY. A dangerous runaway accident occurred on Exchange street, Saturday evening, which although not doing any injury, made the spectators hold their breath in alarm for fear of a direful result. It appears that a young horse owned by Mr. Knowles Gordon took fright near Mr. Chas. G. Stearns office and ran furiously, there being at the time, no one in the carriage but Mr. Gordon's little boy, aged about six years. The little fellow had hold of the reins and held fast but did not know how to guide the animal of course, nor was he able to hold him, yet by some means the horse turned slightly towards Blood & Rowe's drug store where he was brought to a halt and secured before doing any damage. The boy's mother fainted when she saw the danger to which he was exposed, and those on the sidewalks paused in their walk expecting to see the carriage dashed against a post and the lad killed. After the excitement had abated Mr. Gordon took his wife and boy in the carriage and drove home.

STABBING AFFRAY. Saturday evening a crowd of men and boys from both sides of the river took possession of the toll bridge and proceeded to get up a lively imitation of pandemonium in it, insulting nearly everybody who passed, and driving back many people who wished to cross. Constable Moore of Brewer, who is assistant toll-gatherer, dispersed the crowd about the toll-house several times, and at about half past 9 o'clock resolutely went into the bridge and started the Brewer crowd one way and the Bangor crowd the other. Before the Brewer party got out, however, they fell to quarreling among themselves, and in the *melee*, Charles Downes, a young man of about 23 years, was stabbed five times—once in the left breast, once in the right shoulder, twice under the left eye and once across the nose. Severe gashes were inflicted in each place, but the knife used by his assailant struck a bone every time, thus prevented fatal wounds. The weapon was fortunately stopped by a rib from penetrating the heart, but in the shoulder it severed the large muscles and renders Downe's arm useless for a time. The wounded man was immediately taken to his home and medical assistance summoned. He accused Wilber Clark of being his assailant, and several others in the crowd made similar statements, which were supported by the finding of a large pocket-knife having cut on its handle "W. Clark," and the blade bloody and broke at the point. Constables Moore and Peat went to arrest Clark, finding him in bed, and took him to the lockup in this city, where he now lies awaiting examination. Clark is about twenty years of age. He denies all knowledge of the stabbing.

BANGOR POLICE COURT.

BEFORE JUDGE CLARK.

Saturday, November 16. State vs. Dennis Haggerty; drunkenness and disturbance; fined $6 and costs.

[illegible]

Stablemen, however, think that the worst has passed in that city and neighborhood.

Commodore Vanderbilt's "Mountain Boy" died Saturday.

MAINE MEN IN NEW YORK. At the meeting of Maine men held in New York, Tuesday, over a hundred were present. Capt. Ambrose Snow was appointed Chairman. Joseph G. Treat was made Secretary. The Chairman stated the purpose of the gathering, which was to form an Association which would be to the State of Maine what the New England Society was to all the New England States. Erastus Brooks then addressed the meeting, speaking in favor of the projected society. S. P. Dinsmore, Esq., then offered a resolution appointing a General Committee, to be subdivided into sub-Committees, to perfect a form of organization. He was in favor of more frequent meetings than were held by the New England Society. Other gentlemen addressed the meeting, and the General Committee was appointed, and after a resolution of sympathy to the sufferers of the Boston fire, the meeting adjourned.

BUSINESS ITEMS.

Splendid stock Black Goods at J. T. Rines & Co. nov18eod3t

The Remington Sewing Machine is getting to be so popular in New York that the fashionable ladies will not take their sewing to a dress maker who does not use the Remington.

JORDAN, MARSH & Co. sent a check for $10,000 to be appropriated to the firemen who exerted themselves so nobly in staying the conflagration, especially requesting that the firemen of all cities and towns, who were present, should participate in its benefit. 1t

Messrs. Churchill, Watson & Co., of Boston, having escaped the great fire announce in our advertising columns to-day that they have a large and complete assortment of Foreign and Domestic Dry Goods, to which the attention of our dealers is especially directed. 1t

SOLDIERS' HOMESTEADS. The Land Department of the Northern Pacific Railroad gives notice that there are abundant government lands, of the very finest quality, along the line of that road in Central Minnesota, which are open to settlement as free homesteads. Lands of this character near to railroads are now comparatively scarce in the West. The above-named company carries all homestead settlers at reduced rates, and gives them the free use of a comfortable Reception House while they are selecting their land and preparing a house. Information, maps, etc., may be obtained by addressing the Land Department, N. P. R. R., at 23 Fifth Avenue, New York. 1t

Great Bargain in an Organ.

The extra new eight stop Organ used at the late Grand Lodge of Good Templars, in City Hall here, so much admired for its power and sweetness of tone, will be sold at a great bargain if applied for soon, to save boxing and moving. It may be seen, or bought, by calling upon Mr. BAGLEY, Janitor of City Hall, or by writing to R. M. MANSUR, Augusta, Me.

Mr. MANSUR, is General Agent and has full control of these extra Organs in this State. They are made by the VOGEL & HUGHES ORGAN CO., of Norwich, Conn. He is selling a great many of them, receiving orders from all parts of the State, for his organ, for beauty, goodness, and cheapness of price, giving so good general satisfaction, has ever before been offered to the public.

THE JACKSON DEMOCRAT.

"THE WOODS WERE FULL OF 'EM."

Well wife, we've had a ripsen' at the school house in the hall
We can't swallow Greeley our sugar coated pill,
But I'm green old Horace—we found we couldn't it,
The sugar coating was too thin and Greeley tasted through it
Why wife he's cussed me many years? Now—at the hour eleven—
He wants my vote to send him to the Presidential heaven
If he wants us 'til he gets it he may take his axe and saw,
And forever be a farmer on the farm at Chappaqua
I vote for Greeley" Ha! ha! ha! a Jackson Democrat
Forsake his life long principles to do a thing like that!
If you see me goin for him, when comes election day
You may look to see Niagara runnin t'other way
We can't elect an 'out and-out,' is what our leaders say—
We take this ranting Greeley to draw Republicans away,
When in the Presidential chair, with white hat on he sits
We'll take the offices that pays and all the perquisites
Now that ain't the line, nor Jefferson's, nor Jackson's good old plan
I'd rather not have office and be an honest man
I'm not an honest Democrat if, for a single hour
I wave my hat for Greeley for the sake of gaining power
You know wife when I'm bilious I always take my pills
With all the sugar coating—I'll do so if it kills
I'll go to vote for somebody—be a nobody at the polls
So I'll track my fate at good and strong and swallow Grant

The Last of the Loan

OF THE

CHICAGO, DANVILLE & VINCENNES

Railroad Company.

TO CAREFUL INVESTORS!

It is seldom that Mortgages upon new Railroads are considered sufficiently safe for the investment of Trust Funds. It is only when a Railroad is earning, net, an excess of its interest obligations, with a certainty of a steady growth, that its Bonds can be said to be *perfectly safe.*

The CHICAGO, DANVILLE AND VINCENNES RAILROAD is doing this, and has its certainty That part of it known as the ILLINOIS DIVISION (from Chicago to Danville, 132 Miles,) was finished last year, and its gross earnings have increased from $8[illegible] in December, 1871, to $57,[illegible] in August, 1872

The *net* earnings for August were $30,412 46, or at the rate of $364 949 52 per annum The total interest liability upon the total issue of Bonds upon both the Illinois and Indiana divisions is $280,000 gold The Illinois division is, therefore, earning, *net*, more than enough to pay interest upon the entire bonded debt upon the whole road

THE INDIANA DIVISION,

is about eighty miles in length, traversing extensive bituminous Coal fields, and making a direct (and the shortest possible) line between Chicago and the [illegible] Coal district at Brazil

The iron and other materials for the Indiana Division have all been bought and paid for in cash, a part of it is now in operation, and the entire Division is to be finished this season and opened to a profitable business

The company is not in debt, and owns a large and very valuable real estate in Chicago, beside having an equipment of twenty five first class locomotives and about 900 cars

A first mortgage upon such a road at the rate of $16,500 per mile is a safe investment, and we know of no other railroad bond, at the price asked for this, that can demonstrate a similar value as a security for savings banks and others.

We have sold nearly two millions of these bonds to savings banks trust companies and the most careful investors and have but $850,000 bonds remaining.

They are for $1 000 each, and have forty years to run. Interest

7 PER CENT. GOLD,

payable April and October Present price 90 and accrued interest from October 1st in currency

The last week of our sales of ILLINOIS DIVISION Bonds amounted to $300 000 Early orders are therefore suggested, in order to secure any portion of this exceedingly desirable loan.

The Arlington

Chilson's New Portable Range.

THIS RANGE has been got up expressly to meet the increasing demand for a BETTER CLASS OF GOODS THAN HAS EVER BEFORE BEEN OFFERED TO THE PUBLIC. All want the best work for the least money, and in this everything will be found that can be desired in a Portable Range

This Range, as represented in the cut, shews the RICHEST and most BEAUTIFUL DESIGN ever made in Stove Castings Only the FINEST QUALITY of Stock, and the most THOROUGH WORKMANSHIP are admitted in this class of work.

The following are some of the useful improvements of this Range

1st It has six Boiling Holes.

2d. It has Collars to receive the smoke-pipe on either the top or back

3d. It has a nice arrangement for the admission of cold air for perfectly regulating the draft, and keeping a continuous fire when desired

4th Its flues are so arranged that no heat can escape directly to the chimney without doing its work, consequently there is no unnecessary waste of fuel

5th The flues are so constructed that every part of the oven is quickly and evenly heated

6th. It has CHILSON'S patent Water-Front Fixtures, for heating water in bath boilers, etc, when desired These are the most perfect for the purpose ever invented

7th. It is vaulted or double plated around the ovens, thus preventing the cold air from coming in contact with the outside oven plates This is an important improvement, causing the ovens to bake perfectly with a small fire

8th. It has an admirable Sifting Grate and Ash Pan, so made that no ashes nor dust escape into the room while sifting the ashes.

9th. It has a most convenient pan for cleaning the flues of ashes, etc

10th It is made with and without Hot CLOSETS and RESERVOIRS

11th It is very compact and makes a splendid appearance in the kitchen, projecting into the room much less than an ordinary cooking stove

12th Special care has been taken to protect this Range from cracking

13th All kinds of coal, coke or wood may be used as fuel

14th All oven doors, are tin lined

EVERY RANGE WARRANTED.

SPECIAL NOTICE.

Beware of

Counterfeits

And Imitations.

The high reputation gained by Adamson's Botanic Cough Balsam for Coughs, Colds, Asthma, and Consumption has given rise to spurious compounds which are peddled out through the country *called the same* The genuine Adamson's Botanic Cough Balsam is prepared only by F. W. Kinsman, the Inventor and sole proprietor. To protect yourselves from imposition, examine the bottle and see that the words "F W. Kinsman, Druggist, Augusta, Me" are blown in the glass of the bottle.

Having examined the formula from which Adamson's Botanic Cough Balsam is prepared, we recommend it as a safe and reliable medicine for the cure of coughs, colds, whooping cough, asthma, &c &c.

NORTH AUBURN, Maine, Aug 31 1872.

MR FRANK KINSMAN, Augusta, Me—Dear Sir. I have been troubled with lung disease for fifteen years. I was under Dr H Irish's treatment of Turner Village, for ten years, he was the leading physician of the town. I have had five good physicians as there were in Auburn and Turner to try to cure me, and other physicians have examined my lungs, one of them, Dr. Alonzo Garcelon of Lewiston, gave me medical advice several times, he said I never could expect to recover, for there was a large cavity in the upper part of the left lung I was confined to my bed for 13 years. I had tubercles on my lungs, and they were ulcerated very bad I have had several bleeding spells, and was brought so low that I could only be moved on a sheet for five months to have my bed made. My cough was always the worst in the morning The doctors did their best to cure me, and after trying five of the leading patent medicines I came to the conclusion that there was nothing on earth that would give me relief when I needed it the most; but now I find I have got to give up that idea, for Adamson's Botanic Cough Balsam has done it I was surprised one morning after reading your advertisement and procuring a bottle of your Balsam of Wakefield Bros, at Lewiston, and taking some, that it did not make me sick, as other medicines had done. I found it very pleasant to take. I have used three bottles, no bleeding now, no ulcers, no tubercles. I cannot find words to tell you how much better I am since taking your Balsam I send this my unsolicited testimonial for the benefit of the many thousands who are suffering from lung disease, that they may be induced to try this wonderful healing Balsam. Hoping that God may bless you in the great work you are doing by relieving and curing the suffering. I am yours respectfully

REBECCA W. COFFIN.

BOSTON, March 28 1872

Mr F. W Kinsman, Augusta, Me.

Dear Sir Having used your Adamson's Botanic Cough Balsam in my family with complete success, I take pleasure in adding my testimonial to a remedy of such excellent medical properties The greatest success of all was the complete cure of a cough of five months duration. Two bottles of your valuable remedy effected a cure that four skillful physicians failed to do. I would not be without it, and cheerfully recommend it to all

Wishing you success in your wonderful work, I remain yours respectfully,

JONATHAN OSBORN.
